*"Dedicated to the craftspeople

*- Michael Aram*

## MICHAEL

Michael Aram is an award-winning artist who has dedicated his career to craft-based design. Inspired by a trip to India at age 25, he established a second home and studio there, where he continues to draw creative inspiration today.

Trained as a painter, sculptor, and art historian, Michael has neatly applied his diverse background to the decorative arts. Lyrical and often witty, his work encompasses a wide range of media and reveals a rich and variant source of inspiration—nature, mythology, narrative storytelling, and purified form. Michael's work is also a celebration of craft and age-old hand working traditions. It is the enduring fusion of these ideals—originality, narrative, and craftsmanship — that has become the hallmark of this gifted artist.

*“There is a tremendous reflection of our own humanity in handmade objects. When you make things by hand, somehow that energy, that tension, that passion, all gets absorbed into the object. Objects are powerful. They trace history, trace our passage through time, they capture memories for generations.” - M.*

## MAKING

A deep love for the handmade process is at the core of everything Michael makes. Fascinated with the richness of the living crafts tradition, which he discovered on his first trip to Delhi, Michael would seek out craftsmen in the old city by listening for the sound of metal being beaten and by searching for the aroma of baked molasses, a signal of the sand casting process. The artisans he encountered were making ordinary objects such as buckets, shovels, and scissors, but for Michael, their traditional techniques were extraordinary. Michael spent hours observing artisans as they made things the same way families had made them for centuries. Touched by the talent and humility of these gifted artisans, Michael set up a studio in India where he has created his work for over 35 years. Today, over 200 artisans work alongside him in his workshop, where the same creative interaction between artist and artisan remains the source of every object that Michael makes.

## MOTIF

Michael is highly inspired by his surroundings and often makes sculptures of objects that might otherwise be overlooked, in the everyday. Nature is his biggest muse, as is the handmade process. His work combines the imperfections innate in the handmade process with the perfectly imperfect beauty of nature to create objects that reflect humanity. Many of his pieces are ingrained with a rich storyline, inherent symbolism, and deep-rooted meaning. Sometimes his work is simply an exploration and celebration of the handmade process.

# ZEN GARDEN

The Zen Garden Collection draws inspiration from the profound significance of Zen Gardens, which have been an integral part of Japanese culture for centuries. These thoughtfully designed landscapes serve as visual representations of the harmony that exists between nature and the human spirit, providing a sanctuary for meditation, contemplation, and soulful reflection. Interpreted by Aram in brass and hand-textured, patinated steel with organically inspired shapes, he hopes this collection brings the same sense of peacefulness and beauty associated with these gardens into your home.

*"I am greatly inspired by the Japanese design philosophy of Wabi-Sabi and have dedicated my work to the creation of handmade objects that reflect our own humanity, celebrating the perfectly imperfect aspects of nature. The connection of incorporating metal objects into Zen Gardens fascinates me as, according to the principles of Wabi-Sabi, patinated metal expresses the passage of time and the transient, ephemeral beauty of nature itself." - M.*

# BUTTERFLY GINKGO GOLD

Inspired by the captivating “Butterfly Ginkgo” tree, this collection celebrates the idea of metamorphosis with Aram crafting leaves and twigs in metal that seemingly take flight from the branches as butterflies. The solid brass sculpts, polished to a gold hue, exude a fresh vibrancy and energy. Cocoon-like vessels are hand polished to a mirror-like finish, reflecting radiant sculpts to create a sense of wonder and intrigue. White enamel hand-painted butterflies add a refined touch of ethereal beauty. The Butterfly Ginkgo Gold Collection pays tribute to Michael’s original Butterfly Ginkgo Collection, which first debuted in 2011 and shortly thereafter became one of the most iconic motifs in Aram’s oeuvre. With the launch of this second generation interpretation of one of his favorite collections, Aram breathes new life into one of his most poetic motifs.

*“I still remember making the first rendition of Butterfly Ginkgo and knowing in my heart that it would become an important motif for me. Inspired by a ginkgo leaf blowing through my bedroom window one day, I looked at the ginkgo tree outside with fresh eyes, imagining its leaves as butterflies ready to take flight.” -M*

# POMEGRANATE SILVER & GOLD

The Michael Aram Pomegranate Collection takes its inspiration from one of the most universal and ancient symbols in the world. The fruit has been prized across the globe, across cultures and across time as a representation of life, rebirth, and renewal as well as fertility and union.

*"I grew up around pomegranates - from their use as natural dyes on the antique rugs I used to crawl on as a baby to an integral ingredient in the food that I love. When I'm at my home in New Delhi, I wake each morning to the taste of fresh squeezed pomegranate juice. The color, the smell, the delicate flavor all make it feel like a magical elixir to me." - M.*

# DAHLIA

The Dahlia Collection captures a sense of romance, intricacy, and opulence. In the Victorian era, Dahlias were given as a symbol of love and devotion. In certain pieces, Michael has chosen to contrast the radiant golden blooms against black granite and enameled stainless steel, evoking a mysterious sensuality. When found in nature, the petals' perfect symmetry and spiraling pattern embody the Golden Ratio.

*"When you hold a Dahlia in your hand, it is like seeing the whole universe. Each interconnected petal, perfectly imperfect and in harmony with the next, comes together to create something magnificent." - M.*

# PINE CONE

The Pine cone collection, with its antique gold and darkened bronze patinas, celebrates the glow and warmth of the holiday season. Inspired by a fallen pinecone kept on his desk, Aram has always been intrigued by pinecones and their ancient symbolism. The Greeks and Romans, as well as other cultures throughout history, have incorporated pinecones in their art, religious beliefs and mythology with common themes of regeneration, wisdom, and renewal.

*"There is something about the structure of pinecones and the fragrance of conifers that I find so compelling. I always bring cut evergreen boughs into my home during the winter season since there is nothing like the festive way they look and smell. For me, they embody the magic and joy of the holidays." - M.*

# AUTUMN

The Autumnal Collection captures the excitement of the changing seasons and the anticipation of holiday celebrations. These pieces promise to brighten and warm your home as the nights grow colder and the days grow shorter. Age-old handicraft techniques ensure that each piece is unique and captures the perfectly imperfect gestures inherent in objects made by hand. Each falling leaf, speckled pumpkin, and twisted stem becomes a metaphor for life itself and acts as a reminder of the passage of time and the ephemeral beauty of life.

*"I get so much satisfaction knowing my pieces enhance family gatherings, particularly around important holidays when we are most likely to connect with loved ones. I hope my work brings joy to your home both in quiet times and at times of great celebration." -M*

# CHRISTMAS

The Michael Aram Ornament Collection portrays a series of unique objects that celebrate symbols of the holiday season. Whether seen individually or as a group, they evoke a sense of charm and fantasy with the undeniable signature of Michael's style. Drawing profoundly from Michael's background as a sculptor, each piece emerges from hand-sculpted clay and offers a child-like quality with an inherent depth of meaning.

*"Christmas ornaments hold a special meaning for me, along with millions of people across the world. Each one is like a little jewel, with its own story and its own connections. Every year, they make their highly anticipated appearance and it feels like they bring a particular magic with them. The whole process is like a profound family ritual that sweetly symbolizes everything the holidays are about." -M.*
